**Subject:** Re: County Inter Local Contracts

No worries. We had an internal discussion during which we decided to add the counties we have not received MOUs from to the list of the DPS covered counties. We will tell the regional managers about this tomorrow when they back-brief their plans.

I was not doubting you. I am very concerned that some counties may not have the EIC access. I wanted to make sure that the outreach/follow up was ongoing given that the hard part was done (acquisition and training). Please let me know what we can do to insure your hard work to date results in EIC's operating in all of the counties.

John

Wroe,  
Per conversation please find the a list of counties that were trained and received equipment (Ph II), but have not returned their MOUs. If Keith can call the POCs and get us a status it would be greatly appreciated.

Please ask them to scan/send the completed MOUs to [eic@dps.texas.gov](mailto:eic@dps.texas.gov)

John,

I am unadvised on the counties who have not returned MOU's. As you know, we are not involved with "Phase II" (in which counties get the equipment/training and sign the MOU with DPS) unless DPS specifically requests assistance in contacting a particular county. Just a few minutes ago, DPS requested SOS assistance in contacting the counties who have equipment but have not yet returned the MOU. Since we just received this request, I have no additional information. Keith will work on contacting those counties as he is able.

Regarding your second question, SOS has provided training to election judges and poll workers that detail the specific types of military ID's that they may see. This information was condensed for a presentation at the County Election Official Seminar earlier this fall. That presentation (by Elections Division Legal Director Ashley Fischer) is available on our website under the title "Acceptable Forms of Identification for Voting in Texas": <http://www.sos.state.tx.us/elections/laws/seminars/speakers/index.shtml>.

Please let me know what additional information I can provide.

Best,

TEX0491111

Wroe-

Two things.

The first relates to the email below. Any word on where the counties are on the MOU's that have not been returned?

The second relates to a legislative inquiry Jay received on the types of military id being accepted. Is there a location we can point to that lists all of the various types of military id that is acceptable as an EIC?

John

Sorry, I was between meetings. Yes, of course I will provide the plan once I get it finalized.

We had not decided how to count the counties that had not responded. Right now we are just carrying them as "MOU not returned." The SOS will reach out to them and see if what the status of their MOU is.

Thanks Tony. Will you forward those schedules to me after you get them? Will each county be included as an opt out

- Yes, our regional managers are developing plans to cover the counties that have opted out from the EIC equipment/training program. We expect to have those plans completed by tomorrow evening.

- We do not have a deadline for the counties to return their MOUs.

Tony-

Does DPS have a schedule for the counties (other than Jeff Davis) that have not agreed to take on the EIC program?  
Does DPS have a drop dead date on receiving the LCC from each county?

Thanks.

John

So far three counties have returned their ICCs: San Augustine, Jim Hogg, and Hansford. My manager for that region has a location set for Fort Davis (Jeff Davis County) on 16, 18, 25 October and 1 and 8 November.

May I get an update on the progress of contracting with the counties? Also, were y'all able to locate an office that can be used in Jeff Davis County?
